

At Balfour Beatty VINCI Joint Venture (BBV) we support our customers to enrich the physical environment through the provision of innovative and efficient infrastructure. We will continuously seek opportunities to further reduce our impact and enhance the physical environments we work in.

The minimum standard of BBV is to meet our compliance obligations, whether these are legal requirements or obligations set by the customer or our parent companies.

BBV will implement a management system that meets the requirements of ISO14001 2015.

ENVIRONMENTAL IMPACTS

We will work closely with our people, customers, partners, designers and supply chain to protect the environment by:

- Preventing pollution
- Reducing our local impacts and effects of noise, air quality, disturbance and inconvenience
- Protecting habitats and ecosystems
- Reducing our greenhouse gas emissions and improving our energy efficiency
- Reducing our water use
- Minimising our waste to landfill.

We will ensure that life cycle principles are applied to the services and solutions we deliver to in line with customer and parent corporate objectives:

- Address climate change mitigation and adaptation.
- Achieve no net loss in biodiversity and where possible enhance ecological value.
- Be sympathetic to the local context of the landscapes in which we are working.
- Protect water resources and local communities from increased flooding.
- Reduce waste and increase material recovery for re-use and recycling.
- Minimise damage to the historic environment and deliver a programme of heritage mitigation.
- Reinstate land to its original quality, where it has been disturbed as a result of construction.
- Select materials that have a low environmental impact and are sourced responsibly.

CONTINUAL IMPROVEMENT

We are committed to engaging with stakeholders to ensure we improve our environmental management system to deliver environmental and energy best practice.

We will communicate this policy to our employees, supply chain partners and relevant interested parties and review it on an annual basis.

RESPONSIBILITIES

This policy applies to all individuals working for and on behalf of BBV.

The BBV management board is responsible for establishing the Environmental Policy and for reviewing the performance of each operational team.

The operational team is responsible for:

- Ensuring that effective arrangements to deliver these requirements are established and implemented.
- Providing an effective process of assurance.
- Ensuring compliance with all BBV, customer and legal requirements.
